

HAT POLICY

The Anti-Cancer Foundation has revised its advice regarding the wearing of 'bucket and wide brimmed' hats all year round.

Based on this information the school has revised its policy. This now states:

- Bucket or wide brimmed hats are to be worn:
 - In Term 1 of each school year for play times and outside lessons
 - In Term 4 of each school year for play times and outside lessons.

Hats are NOT required in:

- Term 2
- Term 3

This advice was a result of studies which clearly demonstrated that large numbers of children were low in Vitamin D.

Of course if children want to wear hats all year round that is fine, and if there are hot days in Term 2 or Term 3 the wearing of an appropriate hat is advisable.
